## July 2017

### TEACHER ASSESSMENT, SAT RESULTS AND REPORTS

As you may be aware, the children in Y2 and Y6 are the second cohort to be assessed under a new curriculum and a new assessment framework. Previously at Y2, the 'expected standard' was level 2, and at Y6, the expected standard was level 4. These were broad categories.

↓ Expected standard ↓

Now, the test results are reported using scaled scores, which range from 80-115 in KS1 and 80-120 in KS2, where 100 is defined as the 'expected standard'.

Expected standard

The standards in place since the introduction of the new assessments/tests are much higher than those in previous years. Therefore, many children who in the past would have achieved the expected standard, may not have attained the **new** expected standard. Nationally, half the children will be below 100 and half will be above. The standard only tells parents about the expected end point. It does not inform you or your child of the amazing progress they have made over the year. Your child's report is key to showing you their progress and the amazing young person they are becoming; their strengths, passions and what makes them so special.

We are very proud of all of our children for what they achieve, who they are and what they believe. An end of year test and an end of year expectation does not measure the learning journey your children have taken so far. Be proud of your child, encourage them, and celebrate their successes. They are a credit to you and our school.

### SUMMER CONCERT AND FAYRE

Wednesday 19th July, 1:30 - 5:pm

This year's *Summer Concert* theme is 'Wormley's West End'.

The concert will be inspired by songs, music and dance from West End musicals. Come along and enjoy the performances. Following this, you can join our *Summer Fayre*.

### PRESCHOOL NEWS

We have been granted permission to go ahead with a purpose built Preschool opposite our Nursery. ## CONGRATULATIONS TO OUR WORMLEY SWIM TEAM

Thank you!

Mrs Hutchings.

Well done to all our young gardeners who have grown lots of tasty fruit and vegetables.

## WORLD PARA ATHLETICS

A select group of children from Year 4, 5 and 6 were fortunate enough to visit the London Stadium on **Monday 17th July** to watch the World Para Athletics Championships. They were able to see a variety of different events performed by people with varying disabilities.

We were lucky to see a number of world records broken, including GB's Sophie Kamlish in the women's 100m T43/44 category (who then went on to win gold in the event that evening).

Great fun was had by all on this truly inspirational trip.

Hi there,

I am a producer writing from the hit **BBC One prime time series 'Eat Well For Less?'** which is in currently casting for the **fifth series!** We are on the lookout for fun and lively families who would like to save some money on their weekly shop and eat more healthily.

*The show follows **Masterchef's Gregg Wallace** & award winning greengrocer **Chris Bavin** on a mission to prove that it is possible for families to **save money** on their food budget **without scrimping on taste and nutrition**. They hope that by analysing the shopping habits of UK families, they can help to show where we can source the best and cheapest quality food.*

Eating healthily and to a budget is something we feel affects most of us and we'd be really grateful if you could help us spread the word about the new series.

If you may be interested in appearing on the programme, please contact us on **0117 970 7661**

## FAIRER FUNDING FOR SCHOOLS

I wanted to take an opportunity to make you aware of proposed changes to funding for schools. The changes mean that many schools will be likely to have to reduce staffing. Obviously this will have a negative impact on provision for children in schools.

The National Audit Office (NAO) report of December 2016 states that:

*"The Department's overall schools budget is protected in real terms but does not provide for funding per pupil to increase in line with inflation. Funding per pupil will, on average, rise only from £5,447 in 2015-16 to £5,519 in 2019-20, a real-terms reduction once inflation is taken into account".*

Increasing staff costs, the introduction of the National Living Wage, higher contributions to National Insurance and the teacher pension scheme, non-pay inflation, *the Apprenticeship Levy (nearly £9000 our school has had to pay)* and the loss of subsidy through the Education Services Grant mean significant additional costs for schools. The NAO say the combination of flat funding and increasing costs equates to an 8% real terms reduction in school spending power - the biggest cuts since the 1990s.

If this concerns you, I would urge you to write to our local MP, Charles Walker, at The House of Commons, London, SW1A 0AA, requesting that:

- Per pupil funding will be protected in real terms over the lifetime of this parliament, in line with government manifesto commitments
- The National Funding Formula is funded in a way that ensures no school in any part of the country loses any funding as a direct result of the proposed changes.
