NATIVITIES AND CONCERTS

Thank you to everyone for finding time to join us for the amazing nativities and concerts performed by the children in Pre-school, Nursery, Reception, Year 1 and Year 2.

We hope that you enjoyed it as much as the children seemed to.

We thought the children were fantastic - so confident and engaged. They remembered their lines and the songs so well.

A wonderful start to Christmas.

Y6 CAROL CONCERT

Thank you to the Y6 children, staff and parents for a magical Carol Concert at St Laurence's Church on **Monday 16th December**.

The children treated everyone there to some wonderful story telling of the Christmas story through drama, music, readings and song.
Thank you for joining us.

READING CHALLENGE TERM

Spring Term is **Reading Challenge Term**, so please ask Father Christmas for a couple of new books and start reading over the break.

Challenge:
Read 13 books
in 13 weeks

DESIGN AND TECHNOLOGY

Over the last few weeks, children have been designing, making and evaluating a range of products in Design Technology.

Each task began with some market research to make sure that the product design met the needs and wishes of the intended user. This involved surveys and tallies or interviews and research.

Next, the children had to plan - most had two designs.

Then, they had to practise relevant skills - cutting, chopping, sewing, building electrical circuits etc.

Y1 learnt to cut material, sew (including buttons) and join materials to make beautiful little gift bags for the family.

Y2 learnt to make pastry, roll it and cut it, fill it with mincemeat to make mince pies. They sold out at their performance

Y3 learnt to spread butter, make egg mayonnaise, cut cheese and vegetables and prepare and display sandwiches for our volunteers' lunch.

Y4 had to practice how to make a simple circuit, cutting and joining of materials and decoration skills to make their own Iron Man/robot with light up eyes.

Y5 had to learn how to make dough and leave it to prove, chop vegetables and create a delicious pizza for their Christmas pizza party.

Y6 had to learn to manage more complex circuits and joining skills as they designed and created Maths Quiz Boards.

Finally, the children evaluated their product design to see what had gone well and what could have been improved.

FRENCH LEARNING

This term, children in KS2 have been learning about countries around the world that speak french including Canada, La Reunion, Sechelles and Mauritius.

As well as learning why french is spoken in that particular country, they have been learning about that place in the world - what it is famous for, its culture, its foods etc.

This week children have made '*une salade de fruits*' based on the fruits found in that country.
